

Call for Contributed Symposia

Open now until 10th of December 2024

We encourage the joint submission of thematically related papers of a key research topic as symposia. Symposia will be allocated 2 hours slots for 3 speakers across different disciplines. The convener should submit the following:

- A general abstract of no more than 250 words about the symposium topic, motivating its relevance.
- Name three symposium speakers with their talks' titles, and a short abstract of no more than 150 words.

The selection of symposium talks should stimulate interdisciplinary discussion. If researchers are not accepted as part of a submitted symposium, they are nevertheless encouraged to submit their manuscripts under the regular call for papers. We presuppose that the speakers have confirmed their participation.

Please, note that each participant can present only **once** at KogWis 2025 (in a symposium or with an individual paper or poster). Co-authors who are not presenting their co-authored work may nonetheless present another work. Please note that we will not be able to offer any financial support for contributed symposia.

**THE DEADLINE FOR SUBMISSION OF SYMPOSIA PROPOSALS:
10.12.2024**

The template form can be found at: <https://kogwis2025.philosophy-cognition.com/call-for-contributed-symposia/>

Please submit the filled-out template form labeled "Title_OrganizerLastName" to: kogwis2025@ruhr-uni-bochum.de

Please note that the Call for Papers and Posters will be launched in November.
